

the legacy of this couple and their school by offering financial assistance to needy, college bound students.

Institutions of this nature played an important role in our nation's history, and the work of educators like the Smotherses was integral in advancing the civil rights movement. They worked diligently to make sure that every child had the opportunity to learn and succeed, and they felt that it was vital to ensure these youths had the ability to make a lasting contribution to society.

The placement of this historical marker will take place on May 2, 2009, and I ask my fellow colleagues to join me in recognizing St. Paul Industrial Training School and its founders, Mr. J. W. Smothers and Mrs. Alice O. Smothers.

HONORING THE ROSELLE LIONS CLUB

HON. PETER J. ROSKAM

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Thursday, April 23, 2009

Mr. ROSKAM. Madam Speaker, I rise today to recognize the 75th anniversary of the Roselle Lions Club in my Congressional District. On April 26, 2009, the Roselle Lions will mark more than 75 years of dedicated community service.

Through the years, the Lions Club has been instrumental in aiding those with hearing and vision impairments by providing members of the local community in need with hearing aids, glasses, and support groups.

With local events like The Lions Carnival, National Night Out, and the Children's Christmas Party, the Lions Club has raised funds for these worthy causes and provided a fun and safe environment for families to spend time together. The extent of the Roselle Lions' dedication and generosity can be seen in the countless library, school, and civic projects they have supported financially, and with their time and energy.

Madam Speaker and Distinguished Colleagues, the Roselle Lions Club has worked tirelessly to make their local community a better place to live, work and raise a family. They have brought compassion to those in need and been a tremendous asset to the citizens of Roselle.

Please join me in recognizing the impressive work of the Roselle Lions Club, and wishing them every success in their next 75 years of fellowship and service.

IN HONOR OF STEPHEN VANCE

HON. SAM FARR

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, April 23, 2009

Mr. FARR. Madam Speaker, I rise today to honor the life of an invaluable member of the Santa Cruz community, and his humanitarian efforts all over the world. After decades of service and devotion to aiding developing countries, Stephen Vance lost his life serving

the people and countries for whom he always cared.

After graduating from the University of California at Santa Cruz, Stephen became immersed in work for the United States Agency for International Development (USAID). In his role at USAID, Stephen spent more than twenty years working the issues of developing countries. He held numerous Country Director and Chief of Party assignments with USAID contractors and directed the USAID Mission experience. He served as the Senior Economic Development Advisor for USAID in Timor-Leste, where he managed USAID's economic growth team. Earlier, he served two years as the Executive Director of the Soros Foundation in Mongolia. While there, he spearheaded the foundation's transformation from a grant-making organization with more than 20 programs and 500 projects to an independent, non-partisan center for policy research and analysis and a platform for citizen participation and advocacy. Stephen designed and developed new projects in enterprise development, trade diversification, foreign investment promotion, rural and agricultural finance and agricultural development.

Stephen's years of work reflected his desire to improve living situations and stimulate economic growth and self-sufficiency in developing countries. Though he sought to create a more perfect, peaceful world, Stephen's life was lost at the hands of gunmen in Pakistan. At the time of his assassination, he was working for Cooperative Housing Federation International. There he directed "Livelihoods Project" in the FATA region, a program intended to infuse \$750 million in economic development into the area.

Stephen was loved by many; his upbeat and optimistic attitude, as well as his zealous and vivacious approach to dealing with situations made him always a pleasure to be around. His humanitarian efforts gained him the respect and friendship of people all over the world; his zest for life and creative nature made him a person who will not soon be forgotten.

The City of Santa Cruz and the rest of the world will miss Stephen's vision and leadership, but there is no doubt that he has left us a better place than when he first arrived.

Madam Speaker, on behalf of the United States of Congress, I would like to honor the many accomplishments of Stephen Vance and express sincere gratitude for his contributions locally and internationally.

PREVENTION, AWARENESS, AND RESEARCH AUTOIMMUNE DISEASE (PARAID) ACT

HON. PATRICK J. KENNEDY

OF RHODE ISLAND

IN THE HOUSE OF REPRESENTATIVES

Thursday, April 23, 2009

Mr. KENNEDY. Madam Speaker, today, I am introducing along with my colleague Representative CLIFF STEARNS, the Prevention, Awareness, and Research Autoimmune Disease (PARAID) Act.

I am introducing this legislation to address the critical issue of autoimmune diseases in our population. The National Institutes of

Health (NIH) estimates that between 14 and 23.5 million Americans have an autoimmune disease and the prevalence is rising. Seventy-five percent of those afflicted are women with most cases occurring during the childbearing years. The chronic nature of these diseases accounts for its incredible cost to the individual and staggering drain on our nation's healthcare resources. The National Institutes of Health estimates that annual direct health care costs for autoimmune disease are in the range of \$100 billion.

Autoimmune diseases encompass more than 100 interrelated diseases, such as lupus, multiple sclerosis, rheumatoid arthritis, Sjogren's syndrome, polymyositis, pemphigus, myasthenia gravis, Wegener's granulomatosis, psoriasis, celiac disease, autoimmune platelet disorders, scleroderma, alopecia areata, vitiligo, autoimmune thyroid disease, and sarcoidosis. Basic research into the mechanism that drives the autoimmune response is the fundamental knowledge needed to cure many of these diseases.

This legislation will increase awareness of autoimmune diseases, increase research on environmental triggers of autoimmune diseases, enhance education on the relationship between autoimmune and mental illness, and provide loan repayment for physician research on autoimmune disease. This support will help alleviate the suffering of millions of Americans, who suffer every day with the symptoms of these diseases, many times unable to fully participate in their work and family life as a result.

For these reasons, I urge you to give full consideration of this bill as quickly as possible.

ARMENIAN GENOCIDE

HON. TIMOTHY J. WALZ

OF MINNESOTA

IN THE HOUSE OF REPRESENTATIVES

Thursday, April 23, 2009

Mr. WALZ. I rise in sadness today and also in hope, as we commemorate the Armenian genocide that happened in the second decade of the twentieth century.

There is nothing easier than to forget the victims of history, and nothing more tragic, and for those very reasons, there is nothing more important than to remember them. And that is what we are here for.

The genocide of the Armenian people is a fact of history. It is a sad fact of history.

But the very fact that we are here, together in the U.S. House of Representatives addressing the issue is reason for hope. Armenians' determination to carry on, and in the United States' historic support for them, and in our joined determination to make sure that we recognize the facts of history—there is great humanity and hope.

I remain committed to the public recognition of the fact of the Armenian genocide. It is the only way to make sure we are forever vigilant to prevent genocide in the future.

I have hope, that we can all move forward, not in an exercise in collective guilt, but in the simple recognition of what happened, that a genocide was perpetrated upon the Armenian people, and that such a thing, quite simply, never should have happened and must never happen again.
